

SCHÖBEL
ROCK`N`ROLL CRYSTAL

LIGHTING EDITION 2009

WELCOME TO THE UPPERGLASS

STEP THREE

THE COMPANY

Founded in 1945 by Rudolf Schöbel coming from Bohemia, in Warmensteinach - Bavaria/ Germany, our company has manufactured for many kind of industries now for more than 50 years glassparts- what we still do now already in the third generation at this place. With our factory space of about 4.000 m² app. 40 employees are producing for our clients all over the world.

We just hope that you will enjoy the products shown in this catalogue as much as we have enjoyed developing them. The reason we had so much fun was the pleasure we take in creating lamps and lighting by combining mixtures of our own crystal and glass components in the many different available colours from our factory.

STEP TWO

DESIGN. TECHNICS. TRADITION.

We are at your disposal, please test our service, knowledge and our quality. Contact us, by phone, fax or email - with your detailed demands or ideas - with descriptions, drawings or samples. We know how to serve you! Just try it. Thank you.

PROCESSING

We work with any kind of glass in our factory : Mould, Cast, Blowing, Cutting, Polishing, Plaingrinding, Grinding, Drilling, Glue (UV and 2Comp.), Decorating, Printing, Sandblasting, Acidfrosting and - polishing, Fire polishing, CAL (Mirror) and AB-Coating. We produce also our own moulds - starting with samples, for either small or up to industrial quantities.

STANDARD

100% of our products are tested for electrical safety and manufactured in accordance with En60598. In order to keep these security regulations we only use approved components with confirmed CE certification. In all details of the construction and all components we use - we do keep current certificates from our suppliers for the relevant parts such as lampholders, cables, plugs etc.

COPYRIGHT

We reserve the rights, copyrights and property over all models, moulds, tools, samples, pictures and stancils we have prepared.

All knowledge and know-how earned during our business relationship needs to be treated with due caution and has to remain priviledged information between us and the purchasing company.
